## MAKARSKA NAUTICAL AREA

Blaženko Boban  
Split-Dalmatia County Prefect

*"I have accepted with pleasure the invitation from the Croatian-German Society to be the patron of their project of presenting the Makarska Nautical Area, an area that includes as many as eleven Tourist Boards.*

*Nautical and other tourists do not recognise our administrative divisions - they want to learn a destination as a whole, and this project is to provide them with a practical help in doing just that.*

*The County will continue supporting efforts of this kind, mutually connecting neighbouring administrative units aimed to a synergic effect, making the whole much more than a mere sum of its parts."*
